

## SUPPLY RE-ORDERING AUTHORIZATION AND PREFERENCE

The WTC program follows Medicare guidelines for when you are eligible to have your supplies replaced. Supplies include the facemask, tubing, filters, water chamber and any cushions, etc. that are meant to be replaced when necessary.

We have an automated system that can either call you or email you to notify you when you are eligible. If you would like to receive these notifications, please confirm your preferred method for us to contact you:

(place an "x" next to your preferred method to be contacted and also provide the phone # or email address):

\_\_\_\_\_ Send me an email to this email address: \_\_\_\_\_
